

HAND APPLICATOR

FOR SMALL BATCH QUANTITIES AND SAMPLE RUNS

The hand applicator is designed for the smaller brewery or beverage company. We have a minimum order of 5,000 clips per sku, the hand applicator is perfect for this. If your only just starting out and really want to use sustainable packaging, this is for you.

It is made from stainless steel and is manufactured in Australia to provide brewers and beverage companies with a compact, affordable, reliable hand applicator to apply KlippaKan multi can clips to configurations of 4 or 6 pack 330-500ml cans.

We use locally available off the shelf parts should anything need to be replaced. It comes with tooling to easily change between a 4 and 6 pack clip and packs away neatly onto a shelf. Dimensions being L335 x W275 x D270 mm.
